Data Sheet - **X502CA**

Slim and light design

Thin and slender yet big on power

With their slim less than 1" form factor and only 2.0Kg in weight, X502 notebooks still succeed in packing full features in a svelte build, matching the dynamic nature of new high-portability and intuitive computing. The slim design is easy to carry while showcasing premium chic and feel.

Smart Gesture Technology

Augmented using exclusive ASUS Smart Gesture technology, X502 notebooks employ up to 33%* larger touchpads compared to competitors. This guarantees improved multi-touch input, with quicker and more precise gesture detection and a wider range of supported motions. You get a great Windows 8 experience that presents a new milestone in touch input – start enjoying it now!

HD camera

HD video conferencing in a 16:9 ratio, plus great lowlight performance thanks to dedicated sensors embedded in the camera on X502 models. Combined with their computing power, they give you smooth video streaming so communicating is easier and better in any environment.
